Duncan Hughes, Interim Deputy Director of Transportation and Storm Water

CC: Mayor Kevin Faulconer  
Council Member Lorie Zapf  
Lee Friedman, Director of Public Safety and Neighborhood Services

FROM: Ocean Beach Planning Board

RE: Brighton Avenue Safety Improvements

Brighton Avenue is a proposed Bicycle Blvd in the City's Bicycle Master Plan as well as the OB Community Plan and is an important Safe Routes to Schools Corridor.

The Ocean Beach Planning Board recommends the City of San Diego to evaluate the following recommendations for Brighton Avenue.

1. Flashing Beacon Lights at Brighton and Sunset Cliffs Blvd for residents to safely cross Sunset Cliffs by foot and bike. There is a lack of safe crossing on this very busy street between Voltaire Street and Santa Monica Avenue.
2. Install an all way stop at Brighton and Ebers to reduce traffic speeds along Ebers Ave and provide a safe crossing for residents.

We thank you for considering the recommendations above. We are also in favor of other traffic calming methods that would support these requests. A mini roundabout at Ebers Ave and Brighton Ave would be preferred however we understand budget constraints.

We look forward to collaborating with the City of San Diego to make our streets safer.

Best Regards.

Andrea Schlageter  
Chair, OB Community Planning Board
