Potential items for evaluation and/or prioritization that were brought to us by the community:

- OB Parking District
- Parking time limits and/or meters in the Voltaire business district
- Resurface the SD River bike path from Dog Beach to the Sunset Cliffs bridge
- Create a bike/walking path all the way down the beach from Pier to Dog Beach
- Add motorcycle spots on diagonal voids of Newport, Voltaire and Santa Monica
- Prevent motorists from accessing the pier
- Evaluate the nightly parking lot closures at Dusty Rhodes and other parks to see if they're consistent and posted properly
- Restripe and repaint the I-8 exit to Sunset Cliffs so it doesn't direct motorists to the forced right turn lane at Sunset Cliffs and West Point Loma where they block traffic and try to merge back in (add more clear signage on the I-8 directing the left lane as "Nimitz only" and the right lane as "Sunset Cliffs, Ocean Beach" etc. Maybe painted signage/symbols, a couple of times on the asphalt between the off-ramp and the park
- Add signage in front of the skate park to prevent people from plowing off the end of the 8
- Trolley
- More parking at Robb Field
- Safer pedestrian crosswalks at West Point Loma and Bacon
- Roundabout placement potentials for traffic calming measures: Abbott and WPL, Cable and WPL, Bacon and Newport
- Stop lights and Pedestrian led crosswalks at Bacon and Newport
