ACTION ITEM #2: Scope and Purpose

NU gave an update on Veteran's Plaza and the plans the CDC is making to upgrade it. AS wants to focus on parks taking an interest in putting money towards a new Lifeguard Station. KH thinks we are underparked and underrepresented; with out of date and old parks and amenities. AC lives by Robb Field and wants to be able to use that more, specifically with children's play equipment. MH also wants better amenities for young children. TD would like to see a full evaluation of our parks and amenities and to focus improvements towards the groups most underserved. TD also wants to look at where new parks can go and make sure upgrades are climate resilient. Everyone wants more trees and art.

Motion: The Purview of this Ad Hoc will be to review the accessible park space, as designated by the City as a 15 minute walk or 10 minute drive, in and around OB for the quality and usefulness of existing amenities and suggest upgrades focused on equity, safety, climate action goals, art, and promoting healthy and active lifestyles in accordance with the Parks Master Plan. While also working to identify any underutilized open space.
