RE: Ocean Beach Planning Board Support of the Street Vending Ordinance

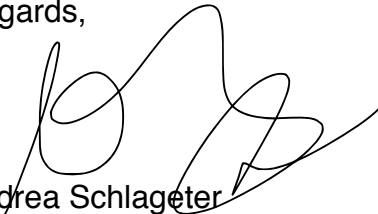

Councilmember Campbell,

On September 4, 2019 the Ocean Beach Planning Board reviewed the Draft Ordinance concerning sidewalk vending. The board voted 8-4-0 to support the ordinance as written.

There was some concern that the ordinance might be too onerous regarding the “sidewalk structure” language. However, all board members agreed with the sentiment that these sellers should be regulated and permitted.

When this ordinance is docketed to come before full council we hope that you will support it.

Regards,

Andrea Schlageter
Chair, Ocean Beach Planning Board
