

OB Transportation Subcommittee
6/24/19 Meeting Minutes FINAL

Meeting Start: 6:30pm

Meeting End: 8:15pm

Attendees:

- Andrea Schlageter
- Tracy Dezenzo
- Dan Dennison (left early)
- Anthony Ciulla
- Jenna Tatum
- Nicole Burgess
- Rick Williams
- Rebecca Ferguson

Action Item #1: Elect Executive Board

- Tracy Dezenzo elected chair
- Jenna Tatum elected secretary
- Meeting Space
 - Tracy will follow up Carter Moss to find out if we can still use Newbreak Church for subcommittee meetings

Action Item #3: Bacon Street – Safety Improvements

- Bacon is getting resurfaced (overlay, taking surface three inches down)
- Need to bring up to ADA compliance, deal with stormwater problems
- Would like to create a Bacon bike boulevard
- Consider Bacon and Brighton for a roundabout
- Can't have perpendicular ADA ramps
- Key recommendation: Divert traffic away from Newport
 - One diverter onto Santa Monica and one onto Niagara
 - Cars would have to make a left or right before getting on Newport
 - Could use flex posts- they are removable
 - Can still make a right turn from Newport onto Bacon
- **Motion:** Because Bacon is designated as a bike boulevard, request OB planning board to review temporary diverters to divert cars away from Newport on Bacon and evaluate parking and loading management
 - Vote: 5 in favor
 - Tracy will put in official request to Andrea to bring to the Planning Board

Action Item #2: West Point Loma Blvd. and Bacon Intersection

- Planning Board approved the roundabout ages ago, no representation from people who lived in district 1

- Discussion topics brought up by Tracy:
 - Study was done on a Wednesday, but highest use is on the weekends. When leaving, there is concern that cars will get stuck in the traffic circle because the light at sunset cliffs backs cars up to Bacon. Sunset Cliffs and West Point Loma should be studied at the same time
 - Studies show that the level of service improves with a traffic circle.
 - Could suggest that the City study the West Point Loma corridor to Sunset Cliffs Blvd to ensure that the roundabout works; review roundabout design for safety and GHG reduction
 - Could also review additional ways to bring people into Robb Field and OB
- Next Step: Continue this discussion at the next after finding out more information about the status of the roundabout (Rebecca to follow up with Phil)

Information Item #1: Sharrow Request on Voltaire between Catalina and Wabaska and over Famosa Bridge

- Update:
 - Bike lanes on Wabaska
- Peninsula Planning Board Recommendation:
 - Bridge from Famosa Slough- create a safe corridor, many students from Correia cross at the cross walk
 - Add sharrows across Catalina

Information Item #2: Update on Old Business

- OB Street Fair
 - Ideas to discuss at future meetings:
 - Cross walk at West Point Loma and Cable - Tracy will follow up with the city contact
 - Resurface the bike path – Andrea to follow up with Mission Bay Improvement Fund
 - Create a bike/walking path all the way down the beach. Could this be an ADA issue?
 - Next Step: Tracy will add these as action items to the agenda for the next meeting
- Additional information items for next week:
 - Short term parking for Voltaire (Voltaire St is included in OBMA BID)
 - Discussion on creating a parking district for OB
 - Next Step: Tracy will add these as information items to the agenda for the next meeting
