Next meeting May 23, 2022

Running Project List:

- 1-8/SC and SC/WPL end of freeway and intersection:
 - Add painted signage/symbols/directional wayfinding marks on the asphalt between the off-ramp and the Sunset Cliffs intersection to direct people into the appropriate lanes (*Tracy*)
 - Directional sign redesign to make upcoming lane choices more clear
 - Add signage or reflectors in front of the skate park to prevent people from plowing off the end of the 8 (multiple accidents have occurred over the last 3 years. The barriers at minimum need to be replaced)
- Solar e-bike parking structure with fee-based phone charging (*suggested by Nicole U*)
- Bike Lockers
- Replace concrete median/barrier in the middle of SSC & Voltaire (north of Voltaire) with flex posts (*Tracy, community*)
- Bacon & Newport intersection: Stop lights, omnidirectional crosswalks, stop lights, pedestrian led crosswalks OR diverters (*need to develop a clear plan and presentation of the diverter concept and get stakeholders on board*)
- Trolley (*Idea from previous OB Street fair booth. Coordinate with SANDAG?*)
- Mobility hub/nexus idea (*suggested by Virginia*)
- TDM in OB - parking at parking lots and in BIDS (*Nicole B*)
- Create a bike/walking path all the way down the beach from Pier to Dog Beach (*always mixed support for this. Could be a tough battle with residents*)

COMPLETED / REQUESTED / IN PROGRESS:

- Request for stop sign at Brighton and Ebers (*Nicole B*)
- Request for flashing beacon lights on Brighton and SSC (*Nicole B*)
- Bike and E-bike subsidies (*Rick/Tracy*)
- Private Parking space rental apps
- Sunset Cliffs: traffic calming
- Pier parking lot night closures
- More parking at Robb Field (requested through parks update)
- Curb side dining, slow streets, business prosperity for businesses in OB.
- Slowing mechanism on Voltaire (rumble bars? Stop signs? Roundabout? Bump outs? Painted speed limits on road?) (*Tracy, community*) *See accident report for that area on Voltaire*
- Traffic calming (stop sign) on Voltaire and Froude (*Nicole B, Mandy, Issac, community*)
- Evaluate the nightly parking lot closures at Dusty Rhodes and other parks to see if they're consistent and posted properly
- Creating an OB Parking District / Parking time limits and/or meters in the Voltaire business district (*being developed and discussed by other groups in town*)
- Geofencing for scooters (*city ordinance*)
