6:05 pm   **Non-Agenda Public Comment**
Two minutes per speaker for issues not on the agenda and which fall within the purview of the transportation subcommittee.

6:15 pm   **Action Item #1: Letter to request replacement or repair of bike racks**
The OBMA Clean and Safe Committee would like our support to request that damaged bike racks in the BID be replaced and/or repaired. A map/list of damaged bike racks will need to be supplied by OBMA prior to writing a letter.

6:30 pm   **Action Item #2: Flashing pedestrian beacon suggested for crosswalk at Saratoga and Sunset Cliffs Blvd.**
Community member Jordan Figg suggested that the crosswalk located at Saratoga and Sunset Cliffs Blvd needs additional traffic calming measures. There is a special needs school which uses the crosswalk frequently. The Committee will consider this request and determine if it wants to recommend a flashing pedestrian beacon or any additional traffic calming measures.

6:45 pm   **Action Item #3: Letter requesting Bacon Street repaving from West Point Loma Blvd. to Cape May Street**
Transportation Chair was informed multiple years ago that the city was waiting until the Roundabout and ADA ramp (CIP B16100) was complete before Bacon Street would be repaved. The CIP was completed during the Summer of 2022 and yet Bacon Street is still in serious disrepair. In addition, it is still not listed on streets.sandiego.gov as a street in progress. The Transportation Chair would request that the Planning Board make a specific request to get Bacon Street repaved.
